

Coexist Lamps

images 1, 2, 3 —
Calacatta Turquoise Marble,
Bouclé, Brushed Brass

The Coexist Table Lamp is the outcome of a thoughtful design procedure that gives a new lifecycle to exquisite materials in a bold and unique way. The lamp is made entirely of recycled and long-lasting materials - the handcrafted marble base is created from remnants of marble, salvaging odd sizes, and broken slabs for new uses. The lampshade is created from a sustainable fabric made of 100% recycled PET bottles.
