Green Onyx, Brushed Aluminum Legs

Celebrating nature's inherent beauty, the Oni Desk embraces the irregular shape of a found Green Onyx slab. This desk's innovative design is informed by the unique constraints of the stone, resulting in a mesmerizing and one-of-a-kind form. The Green Onyx top is elegantly supported by a brush-finished and hand-waxed aluminum base and playfully asymmetric legs that explore harmony and balance through proportions.

Stone Top	Green Onyx, Honed Travertine
